Faizan Malik

Full Stack Developer at CyberMind Solutions
Islamabad, Islāmābād, Pakistan

Summary

BSIT graduate | Expert Web Developer (Laravel, PHP, .NET) |
Mobile App Developer (Flutter) | Linux Enthusiast

Passionate about crafting exceptional web and mobile applications
using the latest technologies.
Proficient in Laravel, PHP, .NET, and Flutter for building robust and
scalable solutions.
Skilled in C#, C++, Java, HTML/CSS, PHP, Dart, and other modern
programming languages.
Experienced in developing cross-platform mobile apps with Flutter
for Android and iOS.
Knowledgeable in Linux systems, ensuring secure and efficient
server-side deployments.
Committed to delivering high-quality code, optimizing performance,
and meeting project deadlines.
Proven track record in designing and implementing innovative
solutions to complex technical challenges.
Continuously exploring emerging technologies and frameworks to
stay at the forefront of the industry.
Excellent collaboration and communication skills, thriving in team-
oriented environments.
Let's connect and discuss how I can contribute to your web or mobile
development projects!
